SEARCH BEING MADE FOR MAN MISSING FOR ABOUT A MONTH

Maysville Police Department Asked to Assist in Locating Floyd Lee, of Cincinnati, Who Was Last Seen in Maysville.

Chief of Police Harry A. Ort has been asked by relatives to assist them in a search being made for Floyd Lee, a young Cincinnati man who mysteriously disappeared here about a month ago and who has not been seen or heard from since that time although the family has made wide inquiry.

Young Lee came to Maysville to work with a relative, Mr. Dave Bueh, who operated a small towboat at hauling sand from the nearby sand bars in the Ohio river to local coal dealers. About a month ago Bueh and Lee were engaged at boating sand from the North Shore Beach to the McDaniel Coal Company's landing. Bueh says that Lee borrowed a small row boat from him to go to Dam 33 to get a quantity of junk for sale. The last that was seen of Lee by Bueh was going up the Ohio for the dam. Investigation at the dam discloses that Lee came there and got the junk and started down the river with it in the row boat. This is the last trace that can be found of Lee by local officers.

Whether he went on down to Cincinnati with the junk in the row boat or whether the boat sank drowning him is not known. Diligent search at Cincinnati, however, does not reveal that Lee has been there for several months.

Lee's wife and children in Cincinnati as well as his aged mother in Louisville are frantic over his mysterious disappearance.

WINDOW GLASS SPECTACLES NOT DANGEROUS

If you had your choice between giving up everything you have in this world and losing your eyesight, I am sure you would keep your eyes. Trouble is we never think of these things until we're brought face to face with them. Many people buy spectacles from peddlers that do more harm than window glass spectacles. If you value your eyes, consult only a reliable sight specialist. Come to

ARTHUR FARM SOLD AT A VERY FANCY PRICE

One of the Largest Single Land Deals Ever Made in Mason County Is Completed Today by Thomas L. Ewan—Rhodes Farm Also Sold.

One of the largest single land deals ever made in Mason County was completed this afternoon when through Thomas L. Ewan & Company, local real estate dealers, Mr. and Mrs. C. C. Arthur sold their large 290 acre farm in the Maysville neighborhood in three separate tracts.

Mr. Charles Manley purchased 100 acres of the farm while Manion Brothers purchased a tract of 100 acres and Mr. C. E. Galbreath purchased the balance of thirty acres.

Although the price obtained for this farm is not announced, it is understood that the price was a very fancy one and that the farm's sale is a deal of great magnitude. This is one of the best farms in all of Mason county located in one of the most productive sections of the county.

The M. M. and Charles Rhodes farm in the Lewisburg neighborhood, formerly the Alexander farm, was also sold by Thomas L. Ewan & Company today. Seventy acres of the farm was purchased by Elmer Donaphan at \$232.50 per acre and thirty acres was purchased by Abell Reese at \$230 per acre.

WHY SCHOOL TEACHERS RESIGN

Shamefully small salaries are driving ambitious teachers out of the public schools of Kentucky. From 1915 to 1918 the squelized assessed value of property for taxation increased in the State \$527,273,483.00. The increase in the amount of money distributed to the various counties for the salaries of school teachers was the pitiful sum of \$45,734.37. In addition, the school year was cut from seven months to six months, where it is now.

In the face of all this, V. O. Gilbert, Superintendent of Public Instruction, has had a nice increase in his own salary, and has filled up his office at Frankfort with clerks and stenographers until all their combined salaries are three times what they were under Gov. Willson (Republican). He has also boosted the printing bill of his department nearly three times what it was under Gov. Willson.

There is just one way to fix this.

FORMER LOCAL MAN FALLS FROM PHONE POLE AND IS KILLED

Archie N. Bateman Meets Death in 30 Feet Fall From Top of Telephone Pole at Ft. Wayne, Ind.—Burial Made Today.

Mrs. Mollie Sherwood, of Hall street, East end, has been advised by telegram of the sudden death of her brother, Mr. Archie N. Bateman, a former resident of Maysville, in Ft. Wayne, Ind., Wednesday.

Mr. Bateman, the telegram stated, fell from the top of a thirty foot telephone pole while at work on the same and crushed to the paved street below being killed almost instantly. The safety belt which held him on the pole broke with the weight of his body against it and he crashed to the pavement.

Mr. Bateman was 52 years of age. He was a native of Mason county and had spent the greater part of his life in the city of Maysville, where he was employed as a lineman for the Maysville Telephone Company. He was an expert at his work and held the very important position of Chief Lineman of the Ft. Wayne Telephone Company at the time of his death. He is survived by his wife and four children.

Mrs. James Robinson, of Fleming county, another sister, left yesterday afternoon to be present at the burial which will be made at Ft. Wayne this afternoon.

REPUBLICAN PLATFORM ON THE STATE TAXES

The Republican State Platform has the following to say on the State Tax Question:

We condemn the present State administration and the State Tax Commission for the arbitrary methods employed in the unjust and unequal assessments made by the State Tax Commission, and we unhesitatingly charge the present Democratic administration with the responsibility therefor.

We pledge ourselves to so correct and revise the tax laws as to make assessments on every class and kind of property just, fair and equitable, while preserving the principle of the classification of property, and to limit within reasonable bounds the arbitrary powers of the State board to increase assessments made by local boards, by a summary and speedy appeal to the Court of Appeals.

We further pledge a thorough and exhaustive examination into the manner in which the present law has been administered by those charged with that duty and to correct such abuses of administration as have been the subject of just complaint. Rigid economy is the first remedy for high taxation and assessments, and such economy with present assessments should result in a greatly reduced tax rate. The only excuse for high assessments is a low tax rate, and we demand an immediate reduction of the present rate of State tax to conform to the increase made in assessments.

WILLIAMS' SHOE SHOP ENTERED BY THIEVES

Third Street Shoe Repairing Shop Broken Open Thursday Night—Thieves Must Have Been Looking For Money—Three Pairs of Shoes Were Taken.

When he opened his place of business this morning, Mr. Jess Williams, Third street shoe repairer, found that the store had been entered by thieves during the night. The cash register had been opened but fortunately Mr. Williams had taken all of the cash from the register before closing Thursday evening.

An inventory of the stock disclosed that not a single pair of new shoes from the front or retail store had been stolen but three pairs of old shoes which were on the work bench are missing.

The thieves entered the building from the rear pushing out the entire lower window sash and breaking several glasses.

The thieves evidently were looking for money as they ransacked the entire building and overlooked many pairs of good new shoes. Police have been investigating but are thus far unable to get information that might be considered a clue to the robbery.

BOY ELECTROCUTED AT HOME IN NORTH CAROLINA SATURDAY

Arthur Hunt, Oldest Son of Rev. S. K. Hunt, Former Local Pastor, Is Killed by Electric Current at Charlotte, N. C.

Mr. J. Harry Richardson, of East Second street, this morning received a letter from Rev. S. K. Hunt, of Charlotte, N. C., former pastor of the Third Street M. E. Church, telling him of the sad death of his oldest son, Arthur, on last Sunday.

Although he gave no particulars in his letter, Mr. Hunt stated that his son came in contact with a live electric wire on Saturday night and was so badly burned that he died from the effects of the electrocution on Sunday. Arthur Hunt, was fourteen years of age and a most likable chap. For some time he was employed here at the Kentucky Repair Shop and he made many warm friends while in the city.

Mr. Hunt, who is now State Secretary for the Rural Y. M. C. A. work, also stated in his letter that Mrs. Hunt had been ill for some time and that the shock of the horrible death of her son had made her much worse.

Mr. and Mrs. Hunt have the sympathies of the large number of friends they have in Maysville in their very deep bereavement.

SUNDAY SCHOOL LESSON

NOVEMBER 2, 1919.

Topic: Our Personal Responsibility For Temperance Reform.

REV. J. J. DICKEY.

The lesson text tells of a bareheaded total abstinence association established years before Christ and had been in operation for two hundred years. This is the first temperance society of which we have any account. The influence of this society has been felt in the modern temperance movement. It has furnished a text for many temperance sermons and total abstinence addresses. These Rechabites were not Jews, but Kenites, descended from Hahab, brother-in-law of Moses. They were a Nomadic tribe. An ancestor named Jonidab, son of Rechab, commanded his offspring that they "should drink no wine, neither they, nor their sons after them." This command they implicitly obeyed. "Neither shall ye build house, nor sow seed, nor plant vineyard, nor have any," but all your days ye shall live in tents; that ye may live many days in the land where ye be strangers. Thus have we obeyed the voice of Jonidab, the son of Rechab, our father, in all that he hath charged us to drink no wine all our days, wa, our wives, our sons, nor our daughters." This is a noble example of fidelity and obedience, worthy of imitation.

Jeremiah, the great prophet, offered the Rechabites wine, in the presence of the people as a test of their fidelity. He did this at the command for their unfaithfulness to God's commands, and shamed them by the example of the abstinence, Rechabites.

We have here a double lesson—one of total abstinence and another of fidelity. Both total abstinence and outdoor life contributes to longevity. Because of their fidelity God said to them through Jeremiah, "Because ye have obeyed the commandment of Jonidab, your father... we shall not want a man to stand before me forever." As we now have national prohibition it becomes the duty of every citizen of the United States to implicitly obey all laws made in conformity to the amendment. No man can be called a good citizen who violates the laws of the land or winks at such violators. Every citizen therefore becomes, in a measure, responsible for making prohibition effective. Its beneficial results are seen today all over the nation. Much persistence will be necessary on the part of both officers and citizens to stamp out illicit manufacture and sale of alcoholic drinks. The immemorial custom will be hard to abolish. But it can be done. Temperance education will still be necessary to counteract the vicious teaching and example of the wats. Total abstinence must still be taught in the home and in the Sunday Schools, while men must be brave to report violations of the prohibiting laws. The old toppers will die and advocates of the saloon will disappear. The young will grow up under far more favorable circumstances than did we, and we trust a purer, cleaner, more sober nation will be the result. When we have become a nation of Rechabites we have God's promises of perpetuity.

EVIDENCE THAT CONVINCES

A Twice-Told Tale That Will Carry Conviction to Ledger Readers.

Fourteen years ago, Mrs. Burns publicly endorsed Doan's Kidney Pills. She then told of benefit she had received. With unshaken confidence, she confirms her statement—Tells how passing years have strengthened her faith in Doan's. There's no better test than the test of time.

Can any Maysville reader ask for more convincing evidence? Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. I used Doan's Kidney Pills and the quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 12, 1914.)

NO TROUBLE SINCE

On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I first took them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Cox of Covington, Mrs. Hattie V. Mathews of Maysville, Tuesday from two to five o'clock 28. The lovely artistic home on "Kalamount Heights" was most effectively decorated with huge ferns and vases of lovely parralosa here and there, the sweet strains of music with mellow candle lights, lent ruddleness and charm to this beautiful reception. Mrs. Stewart was assisted by Mrs. Ollie R. Bright, Mrs. S. A. Daud, Mrs. Jess W. Lee, Misses Olga and Ona Duman. More than fifty guests called to greet Mrs. Stewart's attractive guests and to partake of her genial hospitality. Mrs. Stewart's gown was a yellow charmeuse over hung with elegant black lace. Mrs. Redwine in a pink blue georgette crepe heavily embroidered in rose pink and gold beads. Mrs. Cox's noted beauty was enhanced by an imported gown of black satin embroidered in gold with a corsage relief of rose pink. Mrs. Mathews in black satin with a tunic of brocade. Mrs. Stewart's guests each departed reluctantly wishing her long life and happiness and many more returns of her lovely visitors.

The sale of government-owned merchant ships will be discussed at a meeting of the council of the National Merchant Marine Association, to be held in Washington today.

Deafness Cannot Be Cured

Deafness is a disease of the ear. There is no way to cure it. It is a constitutional defect. It is caused by an inflammation of the mucous lining of the middle ear. When this tube is inflamed you have a running sound or impaired hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be lost forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surface of the middle ear. Hall's Catarrh Medicine acts through the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrh of the Ear that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. The E. J. CHENEY & CO., Toledo, O.

TALENTED ARTISTS WITH "COME ALONG" HERE FRIDAY NIGHT

Well Known and Highly Talented Artists to Be Found in Cast of Friday's Musical Show.

It is seldom that a musical show can boast of three as attractive and talented female players as can "Come Along" which will be seen tomorrow night, Friday the 31st, at the Opera House.

The prima donna role is entrusted to Margaret Radcliffe Gooch upon whose shoulders fall most of the rendering of the tuneful and pleasing melodies of the show and Miss Gooch is able to display a voice of rare sweetness in the singing of the score which together with a charm of manner makes her a favorite everywhere.

Marie Mills as the soubrette has been termed by one critic as "a likeable and kissable little blonde" and as a snappy chauff makes a decided hit in the part while Miss Ella Tavolato who has been a member of the famous Follies Bergere in Paris does not need to assume any French mannerisms in depicting her role and her specialty number "Oh Le, La, La," is one of the many bright spots of the performance. The plot of "Come Along" is never allowed to seriously interfere with the rendition of the many wistful song hits and the comedy is the kind that makes you glad that life is worth living and that you can laugh heartily. The chorus can justly be called to use

a slang expression a "riot" and for good looks and dancing ability and chic costumes will be a treat for the eye and Broadway will come to Maysville when "Come Along" comes along, with its company of 35 people, a carload of special scenery and costumes that will make the audience who greet this organization "sit up and notice." Seats are selling rapidly and early reservations are advisable at Shafer & Watkins where the sale is being held.

IN THE DAY'S NEWS

Gen. Adelbert Ames, who enters upon his eighty-fifth year today, is one of the few surviving general officers of the Union army, and is particularly well remembered for his active participation in reconstruction politics. After the war he was made lieutenant colonel of the 24th Infantry and was appointed Provisional Governor of Mississippi by the President. In 1870 he became United States Senator from Mississippi, and resigned his military commission. He served in the senate until 1873, when he returned to Mississippi as the Republican Governor of the State. His subsequent career in the South was stormy. Differences between the Governor and the Demo-

Relieves After Effects of Breaks and Sprains

Recovery from fractures and sprains is slow enough at best, but there is no use to be laid up any longer than absolutely necessary. Massage the injured part gently with Houstonia daily. Aching and soreness will quickly go. The case of E. E. Downing, who lives on Walnut St., in Waverly, O., is one of the many proofs of what Houstonia will do. Says Mr. Downing: "Some time ago, I had the misfortune to break my leg. I tried several remedies without result, until I began using Houstonia Liniment, and am glad to testify that the results were beyond my expectations." On rheumatic joints and swellings too, Houstonia has an almost magical effect. Better get a bottle from your druggist and keep it handy. \$1.00—half size 50c, trial size, 25c. cratic legislature led to efforts to impeach the former, and Gen. Ames finally returned to Massachusetts, where he has since made his home. In the Spanish war he was a brigadier general and served conspicuously in the Santiago campaign.

Another Democratic Senator, Owen, of Oklahoma, has found he cannot accept the peace treaty in toto and according to the best orthodox standards of President Wilson. He believes that as now proposed it permanently transfers to the British Em-

pire full sovereignty over Egypt. England went into Egypt in 1882 ostensibly to suppress a Khedive rebellion. Gladstone gave a "specific and solemn pledge to the world" that the country would not be annexed to the Empire. But the troops were never withdrawn and now, unless the Owen reservation is adopted, Egypt will become a part of Great Britain. Thus the principle of self-determination again gives way to expediency and the desire of an ally to aggrandize itself at the expense of a helpless people.

100 ACRES OF ONE OF MASON COUNTY'S WELL IMPROVED FARMS.

It is the M. M. and Chas. E. Rhodes farm (formerly the Alexander farm) located on the Maysville, Flemingsburg and Mt. Sterling pike; 7 miles south of Maysville and 10 miles from Flemingsburg, within a mile of Marshall Station on the L. & N. Railroad, near the little town of Lewisburg. This farm has a frontage on the above named pike and runs back to a cross pike, therefore is bounded on two sides by turnpikes. The improvements consist of a 7-room frame house, tenant house, good stock barn, and large tobacco barn, fencing better than is found on the average farm, plenty of water any kind of a season. Improvements all in good repair, and farm is ready for occupation and to work without the expenditure of a lot of money. It is a very unusual thing of late years to have a farm of this class offered at public sale in this county, but the present owners are too far from it to give it their personal attention, and for that reason are selling. Liberal terms, which will be announced on day of sale, will be given. Possession March 1st, 1920.

GOVERNMENT TO KEEP ORDER AS STRIKE NEARS

Troops Are Sent Into Coal Districts as
Coal Miners Plan For Big
Strike Tonight.

Washington, October 31.—Approach of the zero hour in the threatened coal strike of more than 400,000 miners—midnight tonight—found the government secretly moving troops to strategic points in the affected areas, while steps were taken to enjoin union leaders from directing the proposed walk-out.

The troop movements were as carefully guarded as during the war.

Government officials believed that nothing can stop thousands of miners from quitting work at 12:01 a. m. tomorrow, and every precaution was being taken to prevent the mining region from being the scenes of civil strife.

Charleston, W. Va., October 31.—Eight hundred federal troops of the First Division, under command of Colonel W. S. Harrell, entered West Virginia during the day.

They detained at Huntington and will proceed from there to various cities and towns in the strike district. Forty-five members of the Eighty-first Artillery are camped here, with a 75-millimeter gun.

APPLES

We now have on track near the C. & O. freight depot a car load of first-class Baldwin apples. They are of good color and size and come direct from the orchard in the state of Maine, being in splendid condition for putting away for winter use. The Baldwin is fine for eating and for cooking.

Price \$2.70 per bushel, or \$2.60 where one family takes as many as ten bushels for their own use. A liberal investment in apples pays well from the health standpoint. A special price is made to merchants and to those who wish to purchase for sale to others. The apple crop is short this year and the price will soon no doubt be much higher.

Rev. R. M. Lee, of Washington, has charge of the car, and can be called over the phone from 6 to 8 p. m. at his home, or persons can inquire of the C. & O. freight depot during the day as to whether the apples are all sold out.

Those who wish to be supplied should come at once, bring their own sacks or barrels.

GOVERNOR LACKS BACKBONE, MORROW SAYS, AT NEWPORT

Republican Candidate For Governor
Flogs Black For the Scandal in
the State Board of Control.

Newport, Ky., October 31.—Charging Governor Black with having knowledge now that the Board of Control bought \$10,000 worth of denim cloth from the mysterious Albert Sidney Johnston Armstrong, alleged cloth broker, of Louisville, Edwin P. Morrow, Republican candidate for governor, in three speeches Thursday, delivered at three points in Kenton and Campbell counties, declared that had the governor the backbone he would "fire" Hatcher, Hines & Co. on the spot, instead of hesitating and playing for time.

The governor knows, Mr. Morrow charged, that payment by state warrant in three amounts aggregating \$10,000 was made through his board of control to the man who really sold cloth at 60 cents per yard above the market, and the governor knows, Mr. Morrow said, that his board knows who sold the cloth and who collected the money.

With this knowledge, Mr. Morrow said, the governor refused to act. He hesitates, ducks and dodges. He plays for delay and asks for a "categorical answer" and for grand jury investigations. The admitted facts, Mr. Morrow declared, prove itself. If the governor has backbone, Mr. Morrow said, he will discharge Hines, Hatcher & Co. at once, but he is the same governor who could not discharge a textbook commission which broke the law and shamed the state; he is the same governor who stands by and upholds the Bingham contract which provides for the payment of \$235,000 for useless lawyers.

The governor, Mr. Morrow said, has never taken the people of Kentucky into his confidence. He has left the voters in the dark, while on the other hand, the personnel of a nonpartisan board of control has been announced in the event the Republican ticket is successful.

Conditions at the reform school and other charitable institutions were deplored by Mr. Morrow, who told of the suffering of helpless children during the influenza epidemic last fall. While the children were burning up with fever, Mr. Morrow declared, A. S. J. Armstrong was buying cloth for the institution at \$1 per yard, that could have been bought for less than half that amount.

A big Republican rally was held at the Hippodrome here tonight, which was attended by 2,500 voters of this city, Covington and Dayton. Republican clubs from these towns marched in bodies for the rally. A brass band furnished music for the meeting which was presided over by Len Crawford, Sr., prominent Newport attorney.

This was far the biggest political demonstration held in the Sixth district during the campaign.

CONSERVATION BOARD HERE INSPECTING FOOD STORES

Fourteen Special Fire Insurance
Agents Inspect Maysville Food
Stores as Conservation Measure
for the Federal
Government.

A squad of fourteen special agents representing fire insurance companies which do business in Maysville, arrived here late Thursday afternoon and operating under their authority as inspectors for the Fire Insurance Companies they began at once a careful inspection of the local wholesale grocery houses and they also made a careful inspection of the Maysville Ice and Cold Storage Company's storage plant to ascertain for the government the amount of food stuffs being held by local dealers.

Today the men have separated themselves into squads of twos and threes and they are inspecting every retail grocery store in Maysville.

These men are working for the Federal government and will report to the government the amount of food stuffs in stock or being stored by local dealers both wholesale and retail.

The men dropped into Maysville as a sort of surprise to all, coming unannounced to this city from Ashland. They expect to complete their inspection this afternoon and will leave over the C. & O. late today for another point.

Mr. John Brodt, of the county, who suffered a stroke of paralysis Wednesday evening, is reported as somewhat improved today.
